

Ready, Set, Collect!

Student Recognition Program

We at Roopville Elementary School are having a fantastic 2008 – 2009 school year. Our faculty and staff are committed to support our children's learning.

All RES students have received a RES lanyard. A new program entitled *Ready, Set, Collect!* has begun at RES. This award program is designed to recognize and honor students based on their effort, citizenship, and success at school. The goal is support RES faculty and staff in fostering and developing a healthy school environment, in which all are inspired and confident in their ability to succeed. The tangible rewards associated with this program consist of attractive distinctive lapel pins. Students will have the opportunity to earn these pins through academic and behavioral achievement.

The main focus of the program will be Fast Facts. Each Wednesday morning prior to announcements, students in grade 1-5 will demonstrate their mathematical fluency of addition, subtraction, multiplication, and division facts. Those who can reach mastery level by achieving a 95% or higher will receive a pin to be proudly displayed on their lanyards.

Other opportunities to obtain pins include: the Super Hornet program, Accelerated Reader, Citizenship, and Honor Roll.

It is our desire that this initiative instills pride in outstanding scholastic achievement and promote school and community awareness as our students reach to excel.
